Sir,

ENCLOSURES

SPARE COPIES

Subject. Public Health- Infectious diseases- Preventive medicine- cost of Cynagas A Dust etc to be met from provincial funds- orders requested.

.....

In September 1941 the District Health Officer, South Kanara, got an additional supply of 200 lbs of Cynagas A Dust and 3 foot pumps in order to check the spread of the stray cases of suspected plague in some villages scattered in different parts of Buntwal Village.

2. The District Health Officer, who was requested to intimate the purpose for which the above articles were got, states that they were mainly intended for fumigation purposes in the various plague observation depots opened by him at the frontiers of the district.

3. As the Cynagas A Dust and the pumps were not used for rat destruction work at the localities of suspected plague cases but were used for disinfecting the goods articles etc brought by the passengers and booked in lorries at the plague observation depots as stated in para 2 above, the charges relating to their supply have, I presume, to be debited to provincial funds as per the Standing Order No 19 issued in Government Order No. 1130 P. H. dated 19th March 1938.

(J)

4.

4. Of the expenditure noted in the margin the sum of Rs (469.0.0) four hundred and sixty nine, being the cost of 200 lbs of Cynagas A Dust and 3 pumps already incurred by the District Board, may be ordered to be paid from provincial funds. I also request orders of Government in the matter of debiting to provincial funds the charges relating to drugs etc got for disinfection at the frontier stations and yet remaining to be paid. .....

Sir,

Public Health - Infectious disease - Preventive measures Cost of Cynogas A Dust etc., - To be met from provincial funds - Proposals.

From the Government of Madras, Endorsement No.3143-L.1, E and P.H. Department dated 22-1-1942.

Sanction of the Government for the allotment of funds for the purchase of certain medicines was originally sought for in this office letter Ref.B4-No.2629/40 dated 30-4-1940. The Government, while according sanction for an expenditure towards the purchase of tarpaulins, in their order No.Ms.4477 L and P.H. Department dated 25-9-1940, directed that the cost of the cyanogas fumigation has to be met in full by the local body.

The President, District Board, South Kanara, requests for a reconsideration of the orders in the above Government Order, and submits to the Government that the cyanogas A Dust and pumps were not used for rat destruction work, but that they were utilised for disinfective purposes at the observation depots.
